

VCCA 2026

*Bridging Auditory Science: From Neural
Mechanisms to Clinical Practice*

CERTIFICATE OF AUTHORSHIP

This is to certify that

Kazazi, Fjorda presented the contribution entitled “**Auditory Processing Differences in Stuttering: Evidence from Load Theory of Attention**” at the 7th **Virtual Congress on Computational Audiology** (VCCA 2026), held online on 25–26 June 2026.

Organised by

Joaquin T. Valderrama · María Amparo Callejón-Leblic · Miriam I. Marrufo Pérez · Jan-Willem Wasmann
Computational Audiology Network
